Please Note: This is a free service for low and moderate income seniors. You must have your supporting documentation during your appointment. If you are unprepared or miss your appointment, a new appointment is not guaranteed. For best results, you must bring a copy of last year's return, as well as documentation for current year income and expenses. These should be "official" documents for income (i.e. a W-2, 1099, Social Security Year-End report, or retirement account statement). For deductions – such as medical expenses and charitable donations – bring a list of all the expenses for which you can provide receipts or other back-up.
