**Manager's Report –**

Mr. Krawczun stated all he had was for the executive session.

**Attorney's Report:**

Mr. Roskos stated he does not have anything with the exception of commenting on one resolution on the partial performance bond for Lawrence Station Storage, 18F and has no problem with the paper bond being release; however, it is his understanding that there is a dispute on the cash portion of the bond. This can either be postponed to the next meeting or it can be clarified or it can be amended to simply indicate that the performance bond is being returned to Mr. Pape; however, the cash portion will be retained and may need to interplead it into court the way the Township would handle this is essentially is to just pay it into Court and let the parties resolve their dispute. Mr. Roskos received correspondence from the current owner and received correspondence from Mr. Pape, both of whom are making claim to the cash portion. Mr. Parvesse has confirmed that the improvements are complete and not really trying to hold up release of the performance bond; will defer to Mayor Lewis and the other committee members and Mr. Krawczun on how to handle this. Mr. Roskos apologized and misread the resolution and thought it was for just the paper bond and it had been distinguished between the actual cash and the surety bond.

Mayor Lewis is inclined to hold this until a clarification is made.
