Chairman Di Sanzo convened the meeting at 7:12 PM.

- The April minutes were approved.
- The Committee reviewed the Haldeman Lexus plans and commented that there was a lot of proposed pavement but an insufficient number of proposed trees.
- Chairman Di Sanzo commented that he had not seen the tree letter published.
- Vice Chairman Bosted said that there will be a bike tour on June 5 and the van tour could be in October.
- Vice Chairman Bosted reported that three White Pine were planted at the Nature Center for Arbor Day. He said we should post photos on the website. He would like to transplant volunteer Red Cedars from Maidenhead Meadows to the Nature Center.
- The Township distributed 100 tree seedlings. The last twenty Oaks were taken by Vice Chairman Bosted who potted them for future plantings.
- Andrew Link said that there will be a public information session on EAB with Bill Brash on June 1.
- Mr. Link said that the Municipal Manager approved the presenting of a plan to the D.O.T. to replant Route 206 where the D.O.T. criteria allow. The next step is to show the D.O.T. a plan for their pre-approval.
- Chairman Di Sanzo said that he hoped to find some way to help Florence Wyckoff with her efforts to improve the planting in the Sturwood Way island. He said we should support someone who wants to plant trees. He proposed holding an Arbor Day ceremony there.
- Chairman Di Sanzo will recirculate his recommended text for revising the tree ordinance.

The meeting was adjourned at 8:45 PM.

Respectfully submitted,
J. Andrew Link, Principal Planner
