

IMPORTANT NOTICE

Due to the evolving situation involving Covid-19, the Lawrence Twp. Police Department is taking the following protective measures:

1) Use our Online Reporting at <http://lawrencetwp.com/police/start-report.html> whenever possible.

2) Telephonic Reporting by calling our non-emergency number at (609) 896-1111 whenever possible.

3) If you come to the LTPD Headquarters Lobby, we will greet you from behind our glass partitions. If paperwork needs to be exchanged, it will be through the slots AND AFTER you use hand sanitizer. This includes ALL Records Bureau requests. If you have had a fever or any other associated symptoms, please DO NOT come into our Headquarters. We are strongly encouraging the use the Online or Phone Call reporting if at all possible.

4) All public fingerprinting will be suspended for 30 days.

5) We will NOT be hosting tours at LTPD Headquarters for the next 30 days and will be limiting our frequency of attended events and respectively request that you do not come to visit at the present time (ie fresh baked goods, well wishing,etc.).

Chief Caloiaro wants to assure everyone that we will still provide our community with the very best service while taking measures to protect our Officers & Staff. We will continue to answer any emergent call for service with the same high level of professionalism as we always have.

Thank you
