INTRODUCTORY SECTION – UNAUDITED December 31, 2023

The Annual Comprehensive Financial Report for the Township of Lawrence (the "Township") for the fiscal year ended December 31, 2023, is submitted herewith. New Jersey statutes require the Township to annually issue a report on its financial position and activity. An independent Registered Municipal Accountant must audit the report. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the Township. To the best of our knowledge and belief, the enclosed data is accurate in all material respects. All disclosures necessary to enable the reader to gain an understanding of the activities of the Township have been included.

The Annual Comprehensive Financial Report is presented in four sections: an introductory section, a financial section, a statistical section, and general comments and recommendations. The introductory section, which is unaudited, includes this transmittal, an organizational chart, and a list of the Township's principal elected and appointed officials. The financial section includes the general purpose financial statements and the combined and individual fund and account group financial statements with schedules, as well as the independent auditors' report on these statements and schedules. The statistical section, which is unaudited, includes selected financial and demographic information. The general comments and recommendations include basic information about the Township and recommendations, if any.

General Description

The Township is a community of twenty-two square miles located in the center of Mercer County, New Jersey. Princeton and West Windsor Townships border it on the north. Its southern neighbor is the City of Trenton, the state capital. It is bordered on the east by Hamilton Township and on the west by Ewing and Hopewell Townships.

The Township and its surrounding communities host one of the largest concentrations of diversified research and development activities in the nation. Among the country's largest corporations that pursue such activities are Educational Testing Service and Bristol-Myers Squibb, both of which are in Lawrence. Smaller corporate and office complexes are concentrated at the various Interstate 95 interchanges within the community.

Three large retail establishments serve township residents, as well as residents of neighboring communities. The Quaker Bridge Mall, a regional enclosed shopping mall anchored by two major department stores; the Mercer Mall; and the Lawrence Shopping Center provide retail opportunities within the Township's borders.

Governmental Structure

The Township adopted the council/manager form of government in 1970. The Township Council (the "Council") is composed of five part-time members elected on a partisan basis and serves the Township for four-year terms. Elections are held every two years, resulting in terms of office which overlap.

The Council elects a Mayor from its members. The Mayor serves a two-year term, presides at all Council meetings, and has a voice and vote in the proceedings. The Mayor executes all bonds, notes, contracts and written obligations on behalf of the Township. Powers are limited to those expressly conferred by the charter.

INTRODUCTORY SECTION – UNAUDITED December 31, 2023

Governmental Structure (Continued)

The Township Manager is the chief executive and administrator of the Township. The Township Manager serves the Council for an indefinite term of office and may be removed by a majority vote of the Council.

Services

Education

The Lawrence Township School District (the "District") serves the Township, which is coterminous with the District. In addition to the public schools within the District, Notre Dame High School, Chapin School and The Lawrenceville School are located in the Township. Higher educational opportunities are available at Rider University, located in the Township, and Princeton University; Rutgers, The State University; and The College of New Jersey, which are located within a short distance.

Municipal Clerk

The Council appoints the Municipal Clerk, who is responsible for keeping minutes and records of the proceedings of the Council and any Council committees. The Municipal Clerk is statutorily responsible for all elections. The Clerk's Office also issues various permits and licenses. During 2023, 164 such permits and licenses were issued, of which 27 were Alcoholic Beverage Licenses.

Public Safety Department

The Township provides public safety services through a full-time police division and a combination of paid and volunteer firefighters and emergency medical technicians. The police division consists of sixty-five (65) uniformed officers and civilian personnel. During calendar year 2023, the Lawrence Township Police responded to 27,545 calls for service. Overall reported crime decreased 3.1% in 2023 from 2022.

Fire service is provided by Lawrenceville Fire Company, Lawrence Road Fire Company, and Slackwood Fire Company, which are all volunteer units except for daytime paid firefighters. Emergency Medical Service ("EMS") is now provided full-time by Township employees.

Department of Community Development

The Department of Community Development is comprised of the Divisions of Planning and Redevelopment, Engineering and Code Enforcement. The role of the department is to regulate the development, construction and occupancy of property through the application of New Jersey statutes and local ordinances. Land development is regulated by the Township's Land Use Ordinance and approved by the Township Planning and Zoning Boards.

The Division of Planning and Redevelopment services the Planning and Zoning Boards, as well as several other volunteer committees. In addition, housing rehabilitation and the Township's Affordable Housing Program are directed from this division.

INTRODUCTORY SECTION – UNAUDITED December 31, 2023

Services (Continued)

The Engineering Division principally serves three functions. The first is the inspection of improvements on development projects, ensuring that the work meets the approved project plans. The second activity is the preparation of plans and specifications and project supervision for privately contracted municipal public improvements – primarily roads. The third function is assisting the Department of Public Works with various in-house public improvement projects.

Code Enforcement personnel review the plans and perform site inspections for all construction undertaken within the Township to ensure compliance with construction codes. Additionally, the division performs fire inspections on non-residential properties and housing inspections on multi-family units.

Department of Finance

The Department of Finance is responsible for the collection, disbursement and investment of all Township funds and the administration of the Township's self-insurance program. The Township Council appoints a Chief Financial Officer who directs the activities of the department. Through the office of the Tax Assessor, the value of property is assessed for tax purposes. The Tax Collector is accountable for the billing and collecting of both property taxes and sewer service charges. In 2023, the Tax Assessor and Tax Collector were responsible for assessing and collecting revenue from approximately 11,699 properties.

The Finance Department also oversees the purchase of all goods and services, assists in the preparation of the municipal budget, and provides for an annual audit of all Township financial records.

The Township is self-insured, with appropriate stop-loss coverage, for general liability, workers' compensation, auto liability and law liability. Effective January 1, 2013, the Township joined the Garden State Municipal Joint Insurance Fund for identical coverage.

Debt management also falls within the purview of the Department of Finance. The New Jersey Bond Law authorizes bonded indebtedness for municipalities. The amount of indebtedness is limited by statute and is not to exceed three and one-half percent of the average of the equalized assessed valuation of the prior three years. At December 31, 2023, the percentage of net debt to the average equalized assessed value for the Township was .189%. Debt issuers are rated based on creditworthiness. In 2019, Moody's upgraded the Township's debt rating from Aa2 to Aa1.

Department of Health

The Department of Health inspects all food establishments and enforces the state and local health codes. The core activities of the Health Department are health promotion programs, environmental health inspections, communicable disease control, and infant, child and adult health services, including immunizations. During the COVID-19 pandemic, the Department of Health included COVID-19 vaccination clinics as part of their programs.

INTRODUCTORY SECTION – UNAUDITED December 31, 2023

Services (Continued)

Department of Public Works

The Department of Public Works is responsible for the maintenance of all municipal property, including parks, municipal buildings and Township roads. Trash removal and recycling are provided through contract services.

The Township, along with Princeton, funds and operates the Joseph H. Maher Jr. Ecological Center, a leaf and brush composting facility on Princeton Pike in Lawrence. Leaves and brush are collected and turned into mulch and wood chips which are used in public parks and on municipal grounds. These products also are made available to residents of the two communities at no cost and to non-residents or businesses for a fee.

Roadway maintenance is provided by the Public Works Department for roadway resurfacing and through private contractors for complete roadway reconstruction. On average, the department resurfaces approximately 40,000 square yards of roadway annually.

Department of Recreation

The Department of Recreation plans and coordinates recreational activities for all age groups and interest levels. Programming is year-round and includes activities such as aquatic instruction, summer enrichment and seasonal sports. The department also arranges community activities, including the Memorial Day Parade, Fourth of July fireworks, Community Day, Veterans Day Observances, Colonel Hand March, and an annual tree-lighting ceremony. In 2023, there were 1,068 registrations for youth programs and 488 registrations for adult activities.

Within the Recreation Department is the Office on Aging, which is responsible for providing various recreational programs to the senior citizens of the community. The Lawrence Township Senior Citizen Center offers senior residents an opportunity to gather for special programs, social interaction and host the Mercer County senior lunch program.

Municipal Court

The Township operates its own Municipal Court with a full-time staff and part-time municipal court judge. By state law, the Council appoints the Municipal Court Judge to a term of three years. During 2023, the Municipal Court had a caseload of 4,168 traffic violations. In addition, 1,721 criminal cases were filed and 1,791 were disposed of. The court generated \$406,518.96 in revenue, with the Township retaining \$229,045.00.

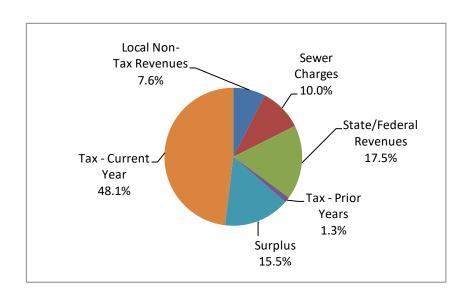

Utilities

Water services are provided and billed directly to the property owner by the City of Trenton Water Utility, the Aqua Water Company, and the New Jersey American Water Company.

The Ewing-Lawrence Sewerage Authority ("ELSA") provides for the collection, treatment and disposal of sanitary sewage. The Township is billed for its proportionate share of ELSA's cost of operations and, in turn, recovers those costs by charging system users for the service.

INDEPENDENT AUDITORS' REPORT

To the Mayor and Council Members of the Township of Lawrence

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements – regulatory basis of the various funds and account group of the Township of Lawrence, County of Mercer, State of New Jersey ("Township"), as of December 31, 2023, and for the year then ended, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements, as listed in the table of contents.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective regulatory basis financial position of the Township as of December 31, 2023, and the respective regulatory basis revenues, expenditures and changes in financial position for the year then ended in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as described in Note A.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* section of our report, the financial statements do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2023, or the changes in financial position for the year then ended.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and requirements of audit prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Township, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note A of the financial statements, the financial statements are prepared by the Township on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note A and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, as well as the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and requirements of audit prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, *Government Auditing Standards* and requirements of audit issued by the Division of Local Government Services, Department of Community Affairs, State of New Jersev. we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the Township's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited the Township's 2022 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated August 9, 2023, in accordance with the financial reporting provisions described in Note A. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2022, is consistent, in all material respects, with the audited financial statements from which it has been derived.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township's basic financial statements. The supplemental schedules, as listed in the table of contents, as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to, the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the supplemental schedules, as listed in the table of contents, are fairly stated, in all material respects, in relation to the basic financial statements as a whole, on the basis of accounting described in Note A.

Other Information

Management is responsible for the other information included in the financial statements. The other information comprises the introductory section, other supplementary information, and statistical section, but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 25, 2024, on our consideration of the Township's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The financial statements of the Township of Lawrence (the "Township") include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township, as required by N.J.S.A. 40A:5-5. However, the operations of the Board of Education and volunteer fire companies are not included in the Township's financial statements.

Description of Funds

The accounting policies of the Township conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgeting restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township accounts for its financial transactions through the following separate funds:

Current Fund – The Current Fund is used for resources and expenditures for governmental operations of a general nature, including federal and state grant funds, except as otherwise noted.

Other Trust Fund – The Other Trust Fund is used for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created, pursuant to the provisions of N.J.S.A. 40A:4-39.

Animal Control Fund – The Animal Control Fund and disbursement of funds related to animal control, primarily dogs and cats.

Housing and Community Development Fund – The Housing and Community Development Fund and disbursement of funds related to affordable housing in the Township.

Self-Insurance Fund – The Self-Insurance Fund receipt and disbursement of funds related to various types of insurance covered by the Township.

General Capital Fund – The General Capital Fund is used for the receipt and disbursement of funds for the acquisition of general capital facilities, including federal and state grants in aid of construction, other than those acquired in the Current Fund, including the status of bonds and notes authorized for said purposes.

Basis of Accounting

The Governmental Accounting Standards Board ("GASB") is the accepted standards-setting body for establishing government accounting and financial reporting principles. GASB's Codification of Governmental Accounting and Financial Reporting Standards recognizes three fund categories as appropriate for the accounting and reporting of the financial position and results of operations in accordance with accounting principles generally accepted in the United States of America ("GAAP"). This structure of funds differs from the organization of funds prescribed under the regulatory basis of accounting utilized by the Township. The resultant presentation of financial position and results of operations in the form of financial statements is not intended to present the general-purpose financial statements required by GAAP.

NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting (Continued)

A modified accrual basis of accounting is followed with minor exceptions. Modifications from the accrual basis are as follows:

Revenues are recorded when received in cash, except for certain amounts that are due from other governmental units. Receipts from federal and state grants are realized as revenue when anticipated in the Township budget. Receivables for property taxes and sewer charges are recorded with offsetting reserves on the combined statement of assets, liabilities, reserves and fund balance of the Township's Current Fund. Accordingly, such amounts are not recorded as revenue until collected. Other amounts which are due to the Township are also recorded as receivables with offsetting reserves and are recorded as revenue when received.

Cash equivalents are carried at cost. Investments are limited by New Jersey Statutes Annotated ("N.J.S.A.") 40A:5-15.1 to bonds or obligations of, or guaranteed by, the federal government and bonds or other obligations of federal or local units having a maturity date not more than 397 days from the date of purchase.

Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at year end are reported as a cash liability in the financial statements and constitute part of the Township's statutory appropriation reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at the end of each year and are recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital bonds and notes are provided on the cash basis, and interest on general capital indebtedness is on the cash basis. Expenditures for compensated absences are recorded in the accounting period in which the payments are made to the dedicated trust fund established for this purpose. GAAP requires that expenditures be recorded when they are incurred.

Pension and Other Post-Employment Benefits ("OPEB") expenses are recorded on a cash basis as billed by the State of New Jersey. Thus, net pension liability, OPEB liability and related deferred inflows and outflows are not recorded on the combined statement of assets, liabilities, reserves and fund balance.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation at the time such property was acquired. The balance of foreclosed property is fully reserved.

Interfund Receivables and Payables - Interfund receivables in the Current Fund are recorded with offsetting reserves; interfund payables are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in other funds are not offset by reserves.

NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting (Continued)

Inventories of Supplies - The cost of inventories of supplies for all funds is recorded as an expenditure at the time individual items are purchased. The cost of inventories is not included in the various fund balance sheets.

Self-Insurance Reserves - Charges to self-insurance reserves are recorded when payments of claims and related expenses are made. Increases to self-insurance reserves are recorded from budgetary appropriations in the accounting period during which budgetary expenditures are recorded. Other earnings are credited to reserves when received in cash. GAAP requires that liabilities for incurred claims be recorded as determined actuarially.

Sale of Municipal Assets - Cash proceeds from the sale of Township-owned property may be realized as revenue or reserved until utilized as an item of revenue in a subsequent year budget. Reserved proceeds are recorded as a cash liability in the Current Fund. GAAP requires that revenue be recognized in the period that the sale is made.

General Fixed Assets - In accordance with New Jersey Administrative Code ("N.J.A.C.") 5:30-5-6, *Accounting for Governmental Fixed Assets*, as promulgated by the Division of Local Government Services, which differs in certain respects from GAAP, the Township is required to have and maintain a fixed asset and reporting system for non-expendable personal property with an acquisition cost of \$5,000 or more per unit and a useful life of more than five years. Fixed assets used in governmental operations ("general fixed assets") are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks, and drainage systems, are not capitalized. For the classification of land, buildings and other improvements, actual cost was used. With respect to machinery and equipment, actual cost was used whenever possible. However, a significant amount of items were valued at their estimated or replacement cost, since the original cost was not available. No depreciation is provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital Fund until such time as the construction is completed and the related asset is placed in operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

It is the policy of the Township not to capitalize interest cost on fixed assets constructed.

Budgets are adopted on the same basis of accounting utilized for the preparation of the Township's financial statements.

Reserve for Uncollected Taxes represents an appropriation made to allow total current tax billings to be levied at an amount greater than the appropriations needed. Reserve for Uncollected Taxes is not recognized under GAAP.

NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Pension and Other Post-Employment Benefits ("OPEB") Other than Pensions

The Township implemented GASB Number 68 & 75, which covers accounting and financial reporting requirements for government employers that provide pension and post-employment benefits other than pensions. Since the Township participates in multiple employer cost-sharing plans (Public Employees' Retirement System ("PERS") and Police and Fireman's Retirement System ("PFRS") and OPEB), the Township's portion of this liability and cost is calculated and recorded at the State of New Jersey level and included in the state's Annual Comprehensive Financial Report. The Township records Pension and OPEB expense based on billings from the state PERS. Required financial statement disclosure requirements are included in Notes G and H.

B. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents and investments include amounts on deposit, petty cash, change funds and investments with original maturities of 397 days or less.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund ("NJCMF"). N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. In addition, other state statutes permit investments in obligations issued by local authorities and other state agencies.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act, a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include state or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured.

The market value of the collateral must equal five percent of the average daily balance of public funds; and, if the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

NOTES TO FINANCIAL STATEMENTS

B. CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

As of December 31, 2023, the Township's bank balance of \$73,559,430.04 was exposed to custodial credit risk as follows:

	 Bank Balance
Insured and Collateralized	\$ 500,000.00
Uninsured and Collateralized	 73,059,430.04
Total	\$ 73,559,430.04

Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the Township's deposits may not be returned or the Township will not be able to recover collateral securities in the possession of an outside party. The Township's policy requires deposits to be secured by collateral valued at market or par, whichever is lower, less the amount covered by the Federal Deposit Insurance Corporation. The Township Council approves and designates the authorized depository institution based on evaluation of solicited responses and certifications provided by financial institutions.

Concentration of Credit Risk – This is the risk associated with the amount of investments the Township has with any one issuer that exceeds five percent or more of its total investments. Investments issued or explicitly guaranteed by the U.S. government and the NJCMF are excluded from this requirement. None of the investments held by the Township are exposed to concentration of credit risk.

Credit Risk – This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. In general, the Township does not have an investment policy regarding credit risk; however, the Township had no investments that were subject to credit risks as of December 31, 2023. The NJCMF is not rated.

Interest Rate Risk – This is the risk that changes in interest rates will adversely affect the fair value of an investment. The Township has a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from interest rate fluctuations. However, its practice is to hold investments to maturity.

NOTES TO FINANCIAL STATEMENTS

D. BOND ANTICIPATION NOTES

The Township issues bond anticipation notes to temporarily finance various capital projects prior to the issuance of serial bonds. The terms of the notes cannot exceed one year, but the notes may be renewed from time to time for a period not exceeding one year. All such notes must be paid no later than the tenth anniversary of the original note. The State of New Jersey also prescribes that, on or before the third anniversary of the date of the original note, a payment of at least equal to the first legally payable installment of the bonds, in anticipation of which such notes were issued, be paid or retired. A second legal installment must be paid if the notes are to be renewed beyond the fourth anniversary of the date of the original issue. At December 31, 2023, the Township had bond anticipation notes totaling \$10,788,000.00.

NOTES TO FINANCIAL STATEMENTS

F. PROPERTY TAXES

Assessment of Tax

New Jersey statutes require that taxable valuation of real property be prepared by the Township Tax Assessor as of October 1 in each year and filed with the County Board of Taxation by January 10 of the following year. Upon the filing of certified adopted budgets by the Township, the Lawrence Township School District, and Mercer County, the tax rate is struck by the board based on the certified amounts in each of the taxing districts. Pursuant to statute, this process is to be completed on or before May 3, with a completed duplicate of the tax rolls to be delivered to the Township Tax Collector on or before May 13.

Collection of Tax

Pursuant to statute, taxes for municipalities operating under the calendar fiscal year shall be payable as follows: the first installment on February 1, the second installment on May 1, the third installment on August 1, and the fourth installment on November 1, after which dates, if unpaid, a ten-day grace period is given, after which taxes shall become delinquent and remain delinquent until such time as all unpaid taxes, including taxes and other liens subsequently due and unpaid together with interest thereon, have been fully paid and satisfied. The tax bills are prepared and mailed by the Collector of Taxes of the Township annually in July.

The tax bills for each of the first two installments are based upon one-quarter of the total tax levied against the respective properties for the preceding year. The amount of the tax bill for third and fourth installments is the full tax as levied for the current year, less the amount charged as the first and second installments with the amount divided equally between the last two installments.

Taxes become delinquent if not paid on the installment dates or within the ten-day grace period and become subject to interest penalties of 8% to 18% of the amount delinquent. If taxes are delinquent 60 days before the date of the tax sale of the succeeding year, the delinquent amount is subject to "Tax Sale," which places a tax lien on the property allowing the holder to enforce the tax lien by collection or foreclosure. New Jersey property tax laws establish a tax lien on real estate as of January 1 of the current tax year even though the amount due is not known.

G. PENSION AND RETIREMENT PLANS

A substantial number of the Township's employees participate in the following defined benefit pension plans: PERS and Police and Firemen's Retirement System ("PFRS"), which are administered and/or regulated by the New Jersey Division of Pensions and Benefits (the "Division"). Both plans have a board of trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to:

Plans Descriptions

PERS is a cost-sharing multiple-employer defined benefit pension plan which was established as of January 1, 1955. For additional information about PERS, please refer to the Division's annual financial statements, which can be found at: www.state.nj.us/treasury/pensions/annrprts.shtml

PFRS is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits. For additional information about PFRS, please refer to the Division's annual financial statements, which can be found at the link above.

The Defined Contribution Retirement Program ("DCRP") is a multiple-employer defined contribution pension fund established on July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et. seq.). The DCRP is a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code ("IRC") 401(a) et seq., and is a governmental plan within the meaning of IRC 414(d). The DCRP provides retirement benefits for eligible employees and their beneficiaries. Individuals covered under DCRP are employees enrolled in PERS on or after July 1, 2007, who earn a salary in excess of established "maximum compensation" limits; employees enrolled in PFRS after May 21, 2010, who earn a salary in excess of established "maximum compensation" limits; employees otherwise eligible to enroll in PERS on or after November 2, 2008, who do not earn the minimum annual salary for tier 3 enrollment but who earn a salary of at least \$5,000.00 annually; and employees otherwise eligible to enroll in PERS after May 21, 2010, who do not work the minimum number of hours per week required for tiers 4 or 5 enrollment, but who earn a salary of at least \$5,000.00 annually.

Per Local Finance Notice 2023-21, issued by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the most recent available information for pension reporting purposes is included within this footnote.

Benefits Provided

For PERS, vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service.

The following represents the membership tiers for PERS:

Tier	Definition	
1	Members who were enrolled prior to July 1, 2007.	
2	Members who were eligible to enroll on or after July 1, 2007, and prior to November 2, 2008.	
3	Members who were eligible to enroll on or after November 2, 2008, and prior to May 22, 2010.	
4	Members who were eligible to enroll on or after May 22, 2010, and prior to June 28, 2011.	
5	Members who were eligible to enroll on or after June 28, 2011.

Benefits Provided (Continued)

Service retirement benefits of 1/55th of final average salary for each year of service credit are available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more years of service credit, and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for their respective tier.

For PFRS, vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement as well as death and disability benefits. All benefits vest after ten years of service, except for disability benefits which vest after four years of service.

The following represents the membership tiers for PFRS:

Tier	Definition	
1	Members who were enrolled prior to May 22, 2010.	
2	Members who were eligible to enroll on or after May 22, 2010, and prior to June 28, 2011.	
3	Members who were eligible to enroll on or after June 28, 2011.	

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation of each year of creditable service, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving 10 years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

For DCRP, eligible members are provided with a defined contribution retirement plan intended to qualify for favorable federal income tax treatment under IRC Section 401(a), a noncontributory group life insurance plan and a noncontributory group disability benefit plan. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employee contributions shall immediately become and shall at all times remain fully vested and non-forfeitable. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employer contributions shall be vested and non-forfeitable on the date the participant commences the second year of employment or upon his or her attainment of age 65, while employed by an employer, whichever occurs first.

PERS

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in state fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012, and will be adjusted by the rate of return on the actuarial value of assets.

PFRS

A special funding situation exists for the local employers of the Police and Firemen's Retirement System of New Jersey. The State of New Jersey, as a nonemployer, is required to pay the additional costs incurred by local employers under Chapter 8, P.L. 2000; Chapter 318, P.L. 2001; Chapter 86, P.L. 2001; Chapter 511, P.L. 1991; Chapter 109, P.L. 1979; Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The June 30, 2021, state special funding situation net pension liability amount of \$2,037,115,833.00, is the accumulated difference between the annual actuarially determined state obligation under the special funding situation and the actual state contribution through the valuation date. The state special funding situation pension expense of \$235,029,281.00, for the fiscal year ended June 30, 2022, is the actuarially determined contribution amount that the state owes for the fiscal year ended June 30, 2022. The pension expense is deemed to be a state administrative expense due to the special funding situation.

The contribution policy for PFRS is set by N.J.S.A. 43:16A and requires contributions by active members and contributing employers. The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PFRS to contribute 50% of the normal and accrued lability contribution amounts certified for payments due in state fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012, and will be adjusted by the rate of return on the actuarial value of assets.

Special Funding Situation

Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed that legally obligated the state if certain circumstances occurred. The legislation, which legally obligates the state, is as follows: Chapter 8, P.L. 2000; Chapter 318, P.L. 2001; Chapter 86, P.L. 2001; Chapter 511, P.L. 1991; Chapter 109, P.L. 1979; Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the state is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan (except for employer-specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers related to this legislation. The portion of the nonemployer contributing entities' total proportionate share of the collective net pension liability that is associated with the Township is \$3,559,979.00 at June 30, 2022.

DCRP

The contribution policy is set by N.J.S.A. 43:15C-3 and requires contributions by active members and contributing employers. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the Township contributes 3% of the employees' base salary, for each pay period, to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period. For the year ended December 31, 2022, employee contributions totaled \$13,124.09 and the Township's contributions were \$9,060.84. There were no forfeitures during the year.

The Township is billed annually for its normal contribution plus any accrued liability. Contribution to PERS from the Township was \$985,983.61 for the year ended June 30, 2022. Contribution to PFRS from the Township was \$2,104,186.57 for the year ended June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

PERS

At June 30, 2022, the Township had a liability of \$13,179,392.00 for its proportionate share of the net pension liability in PERS. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Township's proportion of the net pension liability was based on a projection of the Township's long-term share of contributions to the pension plan relative to the projected contributions of all participating members of the plan, actuarial determined. At June 30, 2022, the Township's proportion was 0.0873306156%, which was a decrease of 0.0033836 from its proportion measured as of June 30, 2021, for PERS.

PFRS

At June 30, 2022, the Township had a liability of \$20,007,177.00 for its proportionate share of the net pension liability in PFRS. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Township's proportion of the net pension liability was based on a projection of the Township's long-term share of contributions to the pension plan relative to the projected contributions of all participating members of the plan, actuarial determined. At June 30, 2022, the Township's proportion was 0.174755850%, which was an increase of 0.005156741 from its proportion measured as of June 30, 2021, for PFRS.

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2021, valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

PFRS

Employee mortality rates were based on the Pub-2010 Safety Employee mortality table with a 105.6% adjustment for males and 102.5% adjustment for females. For healthy annuitants, mortality rates were based on the PubS-2010 Safety Retiree Below-Median Income mortality table with a 96.7% adjustment for males and 96.0% adjustment for females. Disability rates were based on the PubS-2010 amount-weighted mortality table with a 152.0% adjustment for males and 109.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2021, valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

In accordance with state statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2022), is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees, and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rates of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's and PFRS's target asset allocation as of June 30, 2022, respectively, are summarized in the following table:

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability.

PFRS

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

H. POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS ("OPEB")

The Township participates in a cost sharing multiple-employer defined post-retirement benefit plan (the "Plan"), which is administered by the State of New Jersey. The Plan provides continued health care benefits to employees retiring after twenty-five years of service. Benefits, contributions, funding and the manner of administration are determined by the State of New Jersey Legislature. The Division of Pensions and Benefits charges the Township for its contributions. The total number of retired participants eligible for benefits was 52, 49 and 47 at December 31, 2022, 2021, and 2020, respectively.

Per Local Finance Notice 2023-21 issued by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the most recent available information for OPEB reporting purposes is included within the footnote.

The GASB Statement No. 75 report of the State Health Benefits Local Government Retired Employees Plan (the "Plan") for the period ended June 30, 2023, was not available as of the date of this report. Per Local Finance Notice 2023-10, issued by the Division of Local Government Services, calendar year municipalities are able to include in their annual audits the most recent audited GASB 75 information published by the Division of Pensions and Benefits. Thus, the Township included in the note below disclosures based on the period ended June 30, 2022, audited Plan information.

The Township's contribution to the Plan for the years ended December 31, 2023, 2022, and 2021, was \$1,262,563.91, \$1,155,773.75, and \$897,589.75, respectively.

Please refer to the State website, <u>www.state.nj.us</u> for more information regarding the Plan. The Plan's financial report may be obtained by writing to the State of New Jersey, Department of Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

General Information About the OPEB Plan

The Township participates in the State Health Benefit Local Government Retired Employees Plan (the "Plan") which is a cost-sharing multiple-employer defined benefit other post-employment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The Plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions* (GASB Statement No. 75); therefore, assets are accumulated to pay associated benefits. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the "Division") Annual Comprehensive Financial Report (ACFR), which can be found at https://www.state.nj.us/treasury/pensions/financial-reports.shtml.

The Plan provides medical and prescription drug coverage to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide post-retirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer-paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of post-retirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer-paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A. 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide post-retirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The Township adopted Resolution 146-00 in 2000.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011, will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

Allocation Methodology

GASB Statement No. 75 requires participating employers in the Plan to recognize their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective OPEB expense. The special funding situation's and nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB expense are based on separately calculated total OPEB liabilities. The nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB expense are further allocated to employers based on the ratio of the plan members of an individual employer to the total members of the Plan's nonspecial funding situation during the measurement period July 1, 2021 through June 30, 2022.

Special Funding Situation

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan, there is no net OPEB liability, deferred outflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net OPEB liability that is associated with the local participating employer. The Township's unaudited portion of the nonemployer contributing entities' total proportionate share of the collective net OPEB liability as of December 31, 2022, is 0.127737% or \$4,309,603.

Actuarial Assumptions

The total OPEB liability as of June 30, 2022, was determined by an actuarial valuation as of July 1, 2021, which was rolled forward to June 30, 2022. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Salary increases*

PERS

Rate for all future years 2.75% to 6.55% based on years of service

PFRS

Rate for all future years 3.25% to 16.25% based on years of service

Mortality:

PERS:

Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2021.

PFRS:

Pub-2010 Safety classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2021.

Actuarial assumptions used in the July 1, 2021, valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2018 to June 30, 2021.

One-hundred percent of active members are considered to participate in the Plan upon retirement.

Discount Rate

The discount rate for June 30, 2022, was 3.54%. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer GO 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

^{*} Salary increases are based on years of service within the respective plan.

Changes in Proportion

The previous amounts do not include employer-specific deferred outflows of resources and deferred inflows of resources related to the changes in proportion. These amounts will be recognized (amortized) by the Township over the average remaining service lives of all plan members, which are 7.82, 7.87, 8.05, 8.14 and 8.04 years for the 2022, 2021, 2020, 2019, 2018 and 2017 amounts, respectively.

I. PENDING LITIGATION

The Township is a defendant in various matters under litigation. In the opinion of the Township's management, these matters will not have a material adverse effect on the financial position of the Township in the event of unfavorable or adverse outcomes.

J. UNUSED SICK LEAVE AND VACATION BENEFITS

The Township has permitted employees to accrue sick leave pay which may be taken as time off or paid at a later date. Non-union employees are entitled to a lump sum payment equal to 50% of unused accumulated sick leave at current rates, subject to a cap of \$15,000. Union employees receive a similar payment, subject to a cap of \$15,000. Union employees, not including police and fire, hired after January 1, 2010, are subject to a cap of \$10,000. The Fraternal Order of Police ("FOP") is subject to a cap of \$22,000, except for officers hired after January 1, 2013, who are subject to a cap of \$15,000 or the amount established by New Jersey law, whichever is less. Employees hired as of January 1, 2014, do not receive a sick payout for blue collar, white collar, CWA, FMBA 96 and FMBA 396. FOP rank and file and superior officers do not receive a sick payout hired as of March 1, 2016. Each year a provision is made in the budget to cover the estimated annual cost of such payments.

The Township's policy with respect to unused vacation is to permit employees to carry over such vacation for one year unless approved otherwise by the Township Manager.

The total balance of unused sick and vacation time benefits amounted to approximately \$1,417,336.12 at December 31, 2023. This total reflects the caps as listed above. At December 31, 2023, the Township had established a balance of \$989,032.94 as a cash reserve in the trust fund which is available for future payments of compensated absences.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Council Members of the Township of Lawrence

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and requirements of audit prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements of the Township of Lawrence (the "Township"), as of and for the year ended December 31, 2023, and the related notes to financial statements, which comprise the Township's basic financial statements, and have issued our report thereon dated April 25, 2024, in which we expressed an adverse opinion on the conformity of the financial statements with accounting principles generally accepted in the United States of America due to differences between those principles and accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Township's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Township's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (CONTINUED)

Report on Internal Control Over Financial Reporting (Continued)

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

GENERAL COMMENTS Year Ended December 31, 2023

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4

Local units and boards of education that have appointed a Qualified Purchasing Agent pursuant to N.J.S.A. 40A:11-9(b) and take advantage of a higher bid threshold pursuant to N.J.S.A. 40A:11-3(a) and 18A:18A-3(a). Where the higher bid threshold is authorized, appropriate action should be taken to adjust the locally set amount.

The Township has a Qualified Purchasing Agent.

Please remember that contracts exceeding the threshold are subject to the appropriate requirements of the Local Public Contracts Law and the Public School Contracts Law. The following table summarizes the new bid and quotation thresholds.

	Bid	Threshold	Quotation Threshold		
Base amount	\$	17,500	\$	2,625	
With qualified purchasing agent	\$	44.000	\$	6.600	

It is also noted that, as an alternative to public advertising, the Township uses state contracts to purchase certain approved items.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 40A:11-5.

In as much as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed; however, if any obvious violations existed, results would be indicated in the findings and recommendations - current year. No obvious violations were noted.

Any interpretation as to possible violation of N.J.S.A. 40A:11-4 and N.J.A.C. 5:30-14 would be in the province of the municipal solicitor.

Delinquent Taxes and Tax Title Liens

The last tax sale was held on December 11, 2023. Several items under bankruptcy proceedings or payable on an installment basis were excluded from the sale.
