

# Aphasia Support Group

**Second Tuesday of Every Month | 2:30 – 4 p.m.**

**Locations:** Zoom Meeting or Capital Health Medical Center – Hopewell  
3M Conference Room, One Capital Way, Pennington, NJ 08534

This support group is for individuals who have sustained aphasia or some form of communication disorder from a neurological condition. This group is meant for patients as well as their loved ones to meet other people who share similar circumstances. Participants will have the opportunity to discuss their experiences, share ideas, form friendships and provide emotional support for one another.

The group will also offer individuals education on subjects of interest to all and an opportunity to receive resources and tools for coping with their situation. We will have guest speakers on different topics once every three months.

All support group meetings are currently taking place virtually through Zoom. The link to the meeting will be emailed about 30 minutes prior to the start of group.
