

COVID-19 Testing

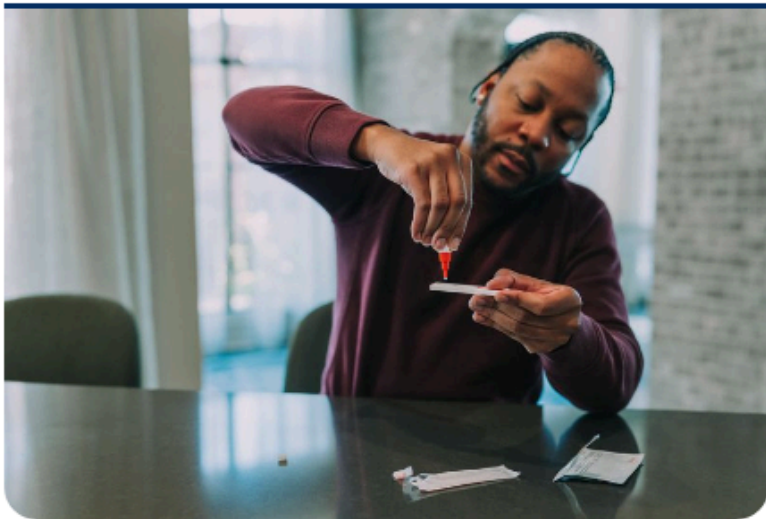

Order Your 4 Free At-home COVID-19 Tests

Every U.S. household is eligible to order 4 free at-home tests.

COVID-19 testing can help you know if you have COVID-19 so you can decide what to do next, like getting treatment to reduce your risk of severe illness and taking steps to lower your chances of spreading the virus to others.

Your order of COVID tests is completely free – you won't even pay for shipping. We will start shipping tests the week of September 30. Want to know when your tests are coming? Sign up to receive email alerts when you order!

About At-home COVID Tests

The tests available for order:

- Are rapid antigen at-home tests, not PCR
- Can be taken at home or other locations. Give results within 30 minutes (no lab drop-off required)
- Can be used for testing even if you do not have COVID-19 symptoms
- Can be used for testing whether you are up to date on your COVID-19 vaccines or not
- Are also referred to as self-tests or over the counter (OTC) tests
